CQC Bisphosphonate Alert

A CQC National Professional Adviser has recommended that a search be introduced regarding the prescribing and monitoring of patients prescribed bisphosphonate medicines for more than 5 years. This follows information about a patient who experienced a complication from prolonged use (atypical fractures).

The changes required to DOAC searches based on the latest NICE guidance were considered, along with the inclusion of a search relating to bisphosphonate monitoring. Colleagues reviewed the current clinical evidence to support the introduction of the bisphosphonate searches, taking into account the current NICE guidance and MHRA advice to healthcare professionals from 2011.

The proposed amendments and additions to the clinical searches for DOAC monitoring and bisphosphonate monitoring were approved by the GP Working Group and also by the Regulatory Leadership Group.

Ardens were contacted to inform them of these proposed changes and the request to introduce new bisphosphonate searches.

About Us

At **Enhanced Technology**, we understand that running a GP practice involves much more than delivering excellent care. Balancing patient needs, supporting staff, and managing admin can make billing and income tracking a source of stress – **but you are not alone.**

We have created this newsletter to share practical tips, insights, and tools to simplify your practice's finances. From recovering missed NHS income to improving billing clarity, we help you take control of the numbers so you can focus on caring for your patients.

Behind the Scenes: Meet a team member

Hi, my name is Colm, I am Reconciliation & Flu Specialist for the Enhanced Technology Group. In my role as PPA Reconciliation Specialist I work as part of a Team reviewing claims across a number of Procedures comparing our claims against information within the Surgery's Clinical System. I also create all of our end of Audits Reports for the Surgeries. Our Flu Reconciliation Audit are more a numerical audit where we review & compare CQRS Data / EPD Data Reports and where we have a claim for a Surgery we prepare a FP34D Claim Report ready for a Surgery to submit. Outside of work I enjoy walking, playing golf badly, looking after our grandson and as my kids are all grown up I now more time for date nights with my wife.
